

5-Star Universal Design

How we work

We are a full service design source providing a thorough analysis of your project needs. We meet you initially in your residence to evaluate and develop a plan for your project. Our caring process developed through 30 years of practice is sensitive to accommodating the many needs and preferences of our customers. You decide what level of service meets your budget and individual needs. In developing your Beautiful Accessible Environment, we coordinate the entire process from analysis to design, installation and packing you for the move!

Our Team at M. Quinn Designs looks forward to the opportunity to meet with you!

Product Installation

We are associated with vendors, manufacturers and installers in all areas of design and construction to advise you throughout the entire process. We desire to design an environment to fit your budget providing the best value for you.

Our Commitment

M. Quinn Designs is dedicated to providing the highest level of service, selection and quality to every client. Our expectation is that you will find working with us to be an informative, educational and pleasing experience. Our hope is that your home and your surroundings will inspire and enrich you every day.
