

Our mascot, Gabriel Will Packer, will defend your valuables with his life!!!

step 1

Develop the Plan

We coordinate the entire process!

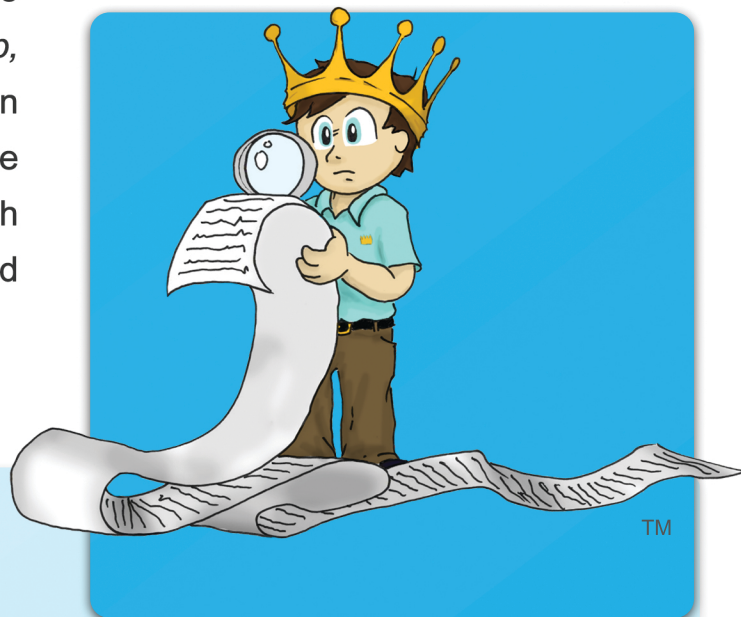

We have organized and implemented hundreds of major design and moving projects. So this process is second nature. We want you to relax as we start to organize for your move.

First let's set the calendar for your packing and moving timetable. Then review the items you are going to want, need and otherwise can't live without! *What "must have" items to keep, give to family or donate to charity?* Then we design a floorplan that uses the pieces you want. We guide you through this entire project communicating and organizing all the details for you!

Gabe will check all the details!!!

When you should put your existing residence on the market is always a question. We specialize in handling this process as well by coordinating minor repairs, painting, staging, etc. to get your residence beautiful inside and out to help your realtor make a wonderful sale!

Our design process is exceptional. We are a service of M.Quinn Designs and bring over 30 years of design experience to your new residence.

step 2

Pack-N-Move™

A Careful and Professional Packing Process

We provide all the supplies needed for the move. We list, identify and label all items for the move.

We personally and carefully pack your treasures for the move for local or long distance moves.

Our compassionate team is working for your smooth transition.

step 3

Home-Sweet-Home

We coordinate and supervise the moving company transporting your furnishings safely & smoothly to your new home.

- We arrange your furniture to the predesigned floorplan
- Unpacking and removing boxes
- Arranging the items in your display units and hutches
- Making your bed
- Connecting telephone, TV's and computers
- Adding finishing touches - We even hang your pictures!
- If you want us to buy your groceries we can do this too!

We appreciate that our customers tell us this was the most comprehensive service they have ever used. They have a new home that is organized, beautiful and ready to live in!
